

# The Only Authorized Butterball® Gift Check Program

Thank you for taking the time to inquire about the Butterball® Gift Check Program! The Butterball® Gift Checks have been in circulation, nation-wide, for over 25 years! This program offers a great way to provide companies with a memorable and nostalgic holiday gift for their valued employees and customers. These checks allow the recipient to purchase **any brand turkey, ham** and any **other grocery food items** to complete their holiday meal.

The Butterball® Gift Check is a **business check** that **does not** expire, and cashiers should process and handle them as such. These checks should be deposited with other business, personal or payroll checks at EOD, per your store's standard operating procedures. These checks are guaranteed by **Array Enterprises, Inc.**, branded by the reputable and well-known **Butterball®** name and logo and will be securely cleared through **Bank of America**. The 'pay to the order of' line has been left blank, so *your* store's name can be written directly on the check to assist with your EOD settlements/deposits. Checks with names already written on the 'pay to the order of' line are 3<sup>rd</sup> party checks and subject to your own processing policies.

Valid checks will include the following security features that you are already familiar with:

- ✓ Security watermark when held up to light
- ✓ Visible and invisible fibers do not appear on reproductions/photocopies
- ✓ Magnetic ink for check readers to validate banking
- ✓ A 'MP' (micro-printing) small type will appear as dotted line if the check is copied
- ✓ Chemically sensitive paper resulting in stains or spots on the check if chemical alterations attempts are made

If the Butterball® logo is on the check, you can have the confidence accepting them whenever you receive them. **Because this is an actual check and not a gift certificate/coupon, the individual redeeming it should be allowed to purchase other items in addition to or instead of their Butterball® purchase up to the face value of the check.**

If you receive any returned Butterball® checks from the depositing bank please contact Array Enterprises at [accounting@arrayenterprises.com](mailto:accounting@arrayenterprises.com) to resolve any return issues. The majority of return issues are often the result of cashier errors. We work diligently with all retailers to ensure our Butterball® Gift Checks continue to be accepted without any issues.
